

defined in said award to the Vermillion Irrigation Company to mean the amount of water which the river yields or makes between the Annabella Dam and the Vermillion Dam, and does not include water yielded and flowing in the Sevier River above the Annabella Dam and which passes over the said Annabella Dam, except such quantity of water, if any, as the Vermillion Irrigation Company may be entitled to under the proration provisions herein contained during the irrigation season, that is, between April 1 and September 30, both dates inclusive, in each and every year, and including during said irrigation season, its proportion of the 22 second feet stipulated as the make of the river between the two Kingston gauging stations and the gauging station known as "Sevier River Below Piute Dam".

IT IS FURTHER ORDERED, ADJUDGED and DECREED that during the non-irrigation season, to-wit: from October 1 to March 31, inclusive, the Vermillion Irrigation Company is not entitled to pro rate with any other users, but is entitled during said period only to such water as the river yields or makes between the Annabella Dam and the Vermillion Dam, unless such quantity be insufficient to satisfy its domestic, stock watering and culinary needs, in which event the Sevier River commissioner or commissioners shall divert to it from the waters passing or flowing over the Annabella Dam such additional water as in the judgment of said Commissioner or commissioners shall be necessary to satisfy such needs, which total quantity for said purposes shall not exceed 15 c.f.s.

IT IS FURTHER ORDERED, ADJUDGED and DECREED that it was the intention of the parties signing the stipulation Exhibit C, that the period of time during which the Vermillion Canal Company shall be entitled to call on the primary users mentioned and set out as primary users under Section A of said stipulation Exhibit C, to pro rate with it, is the irrigation period, that is, from April 1 to September 30, both dates inclusive, of each year, and it was the intention of said parties that there shall be no proration when the natural flow of the river, during said irrigation season, is sufficient to give the primary users designated in Section A thereof, including the Vermillion Irrigation Company, 100 per cent of their rights as herein set out.

Monroe South Bend Canal Company: as a primary right against all parties to Section A Sevier County

Period of Use: April 16th to October 15th, both inclusive.

Miller & Viele: 50.00 acre feet.

With period of use from April 15th to October 15th. Said water to be diverted from Sevier River at a point 2500 feet W and 800 feet S. of NE corner of Sec. 27, Twp
